Improve skills transfer and knowledge retention

A Complete End-To-End Solution for Virtual Trainer Development

From flight simulators to virtual maintenance training, DiSTI’s tenure serving the DoD industry spans 25 years. We have been prime, or subcontractor, to some of the largest global programs for vehicle, airframe maintainer and operator trainers.

Our diverse portfolio includes the U.S. Army, U.S. Air Force, U.S. Navy, Air National Guard, along with a global array of organizations and agencies whose operations are trusted to DiSTI solutions and services.

Complex, Scalable Solutions to Maintain Readiness

Our line of services for military customers help clients improve the effectiveness of skills transfer, increase knowledge retention, and provide experiential training in real-time, data-driven applications.

DiSTI professional solutions in the realm of virtual reality help promote higher engagement through interaction. Our software development platform solutions allow for the rapid prototyping of complex avionics displays for seamless integration into training simulators and production vehicles and aircraft.
