

## F-35 Lightning II Fighter

The F-35 Lightning II is a 5th Generation fighter, combining advanced stealth with fighter speed and agility, fully fused sensor information, network-enabled operations and advanced sustainment. Three variants of the F-35 will replace legacy fighters for the U.S. Air Force, the U.S. Navy, the U.S. Marine Corps, and 10 other countries around the world.

The F-35 Lightning II Maintenance Training system is a total training solution for the state-of-the-art F-35 Lightning II weapon system. Located at Eglin AFB, the Integrated Training Center (ITC) is the home to a full spectrum of the latest courseware, electronic classrooms, simulators, flight events and event-based maintenance training.
