U.S. Air Force Awards DiSTI Three Basic Ordering Agreements

The DiSTI Corporation receives Basic Ordering Agreement from the U.S. Air Force to support Immersive Learning initiatives within the Air Education and Training Command.

Orlando, FL (August 17, 2021) – The DiSTI Corporation, the world’s leading provider of virtual maintenance training solutions, has been selected by the United States Air Force for three 5-year Basic Ordering Agreement (BOA) contract awards for both Commercial and non-Commercial Research & Development for Live, Virtual, and Constructive Training Environments, as well as Big Data Analytics.

"DiSTI is proud to be given additional opportunities to serve our warfighters and support the United States Air Force as they develop and deploy immersive training initiatives " said DiSTI CEO John Hayward. "We look forward to working closely with the Air Education and Training Command to continue DiSTI’s legacy of pioneering transformative solutions."

These BOAs continue DiSTI’s work of providing the United States Air Force with customized training solutions.

Out of 58 submissions from 38 vendors, The DiSTI Corporation was one of 16 vendors selected in the category of commercial suite of Live, Virtual, and Construction Training Environments, one of 11 selected in the non-commercial Research and Development Live, Virtual, and

Construction Training Environments category, and one of 17 in the commercial suite of Big Data Analytics category.
