U.S. Navy Veteran Chuck Chrzan Joins DiSTI as New Program Manager

Chuck Chrzan joins The DiSTI Corporation, strengthening its expertise in simulation and training for the defense market.

Orlando, FL (January 9, 2024) – The DiSTI Corporation proudly announces the addition of Chuck Chrzan, a distinguished U.S. Navy veteran, to their esteemed team as Program Manager II. Chuck brings an extensive background in defense operations, bolstering the company’s capabilities in simulation and training for the defense industry.

Chuck brings over 20 years of experience in the training and defense industry. With 5 years dedicated service in the U.S. Navy, along with his previous tenures at Lockheed Martin and Honeywell, Chuck brings invaluable knowledge and insight to his new role. During his tenure in the military, he held the role of Command Career Counselor, which provided him with a deep understanding of the critical needs and challenges of today’s warfighters. His background in the Military, Training & Development and Program Management is a perfect fit for DiSTI.

“We are thrilled to welcome Chuck Chrzan to DiSTI,” said DiSTI CEO John Hayward. “His wealth of experience and leadership aligns perfectly with our mission to deliver world-class simulation and training solutions. Veterans like Chuck bring unparalleled dedication, discipline, and expertise to the table, attributes that are critical in advancing our commitment to the warfighter.”

The importance of veterans joining the defense industry, particularly simulation and training, cannot be overstated. Veterans possess firsthand knowledge of operational requirements and understand the complexities of defense systems. Their insights bridge the gap between technology and real-world application, enhancing the effectiveness and authenticity of training simulations.

“Having U.S. military veterans like Chuck on board enhances our ability to create training solutions that closely mirror real-world scenarios,” added Tom Neary, Director of Programs at DiSTI. “Their unique perspective significantly contributes to developing simulations that better prepare our armed forces, ultimately ensuring readiness and mission success.”

Chrzan's appointment signifies The DiSTI Corporation's dedication to assembling an experienced team, with a with strong military background, who are committed to delivering top-tier simulation and training solutions for organizations worldwide.
